Introduction

Have an exciting themed event coming up? Or do you need some inspiration for what type of event to host next?

Alyce now offers **themed marketplaces** so your gifting strategy can complement your next event experience! With themed marketplaces, marketers can deepen the experience and drive home a specific theme with gifting, while still giving recipients the power to choose a gift that they'll love.

Keep reading to learn more about what themes we offer, and how you can use them to enhance your next event.

Host a wine or beer tasting event (we recommend checking out **Purple Cork**), and send a Save the Date invite via a gift to elicit excitement and event sign-ups.

Encourage people to browse the marketplace and pick an accessory that will improve their virtual event experience, like a wine decanter or new beer glasses. Bonus points if you use a **post-gift CTA** to redirect recipients to the event registration page once they accept their gift.

This themed marketplace contains gifts like:

KADS

Kids Against Maturity: Card Game

Trick Question Game

Invite people at key accounts to a family game night hosted by your company.

You can use breakout rooms to feature different types of games and encourage people pre-event to redeem whatever game they'd like to play with their family at the event. You can also play the online versions of games during the event, and send a physical game postevent to keep the fun going in people's homes.

Idea for this themed marketplace

We love using this marketplace to send pre-virtual event gifts to registrants.

It's a great chance to create a moment with attendees, and send them something that helps make their remote viewing or participation more enjoyable, such as a pair of headphones, or a gift card to buy lunch locally.

Alyce Book Club

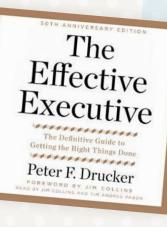

A themed marketplace for events or campaigns focused on business books on a variety of topics from a variety of authors.

This themed marketplace contains gifts like:

The Effective Executive: The Definitive Guide to Getting the Right Things Done

The Making of a Manager: What to Do When Everyone Looks to You

Idea for this themed marketplace

Start a book club with key community members, and have the host of that month's roundtable discussion pick the book from this marketplace and send it to participants.

The beauty with Alyce is everyone has the Power of Choice; if someone already has the book or has read it, they can choose any other book from the marketplace.

Bonus points if you **embed a video** into the gift landing page from that month's moderator, highlighting discussion points for the upcoming meeting.

The Power of Moments: Why Certain Experiences Have Extraordinary Impact Alyce Wellness A themed marketplace for events or campaigns focused on meditation, relaxation and unwinding.

This themed marketplace contains gifts like:

Pampering Gift Set

Idea for this themed marketplace

Think about your target audience and if there is a particularly stressful time of year for their functions.

If so, host a guided meditation event through <u>Host events</u> and send along a pre-event gift to get people in the relaxation mindset.

ALYCE THEMED GIFT MARKETPLACES

Idea for this themed marketplace

Host an experience with a celebrity chef through **Zinc Agency** where the group learns to make a signature dish.

Then follow up post-event with a thank you gift (might we suggest a recipe book!) and leverage a **postgift CTA** to redirect recipients to a unique piece of collateral, like a recipe book your team has created filled with go-to menu items your company loves.
